4	Post-16 Education & Skills Paper Update	<ul style="list-style-type: none"> ▪ Jane summarised the paper circulated. ▪ Noted that none of it is policy yet, this is the direction that the Government want to go in. Currently is not a consultation so nothing to respond to currently, but good to be aware and potential positions the Officers may want to take. ▪ Tuition fees/maintenance loans are going to be raised in line with inflation. Grants to be brought back for specific students. ▪ Access & participation changes to be regional ▪ Student experience – small changes ▪ NUS are pushing back on quality/tuition fees which is being reconsidered 	JB

		<p>Jacob noted that the PG parts are quite good. Care leaver parts are not big updates. Asked question around specialist subject decisions. Jane summarised that they want Universities to specialise in different areas, eg Nottingham and Lancaster are going through big cuts in some departments, type of thing we may expect to see at Birmingham. Sector generally is not very supportive of this. This is the direction of travel and may not create the outcome desired. Antonia asked whether the cuts may be made to arts subjects. Jane outlined the contradiction of this and the decisions made. Reintroduction of grants are looking to be in STEM subjects</p>	
5	Officer Buddies	<ul style="list-style-type: none"> ▪ Asked whether PTOs wanted FTO Buddies ▪ FTOs are supportive of this and if this something that we want to continue. ▪ Does not have to have the same workstreams, more about information sharing and team building. 	JB
6	AOB	<ul style="list-style-type: none"> ▪ Abby: discussion with Lucy about violence against women and the incident in Birmingham. Looking to draft statement to pair with darker nights/reclaim the night campaigns. ▪ Antonia suggested connecting this to violence against women and especially women of colour. ▪ Abby with circulate a draft and asked group for general feedback. ▪ Emeline suggested making the statement from a support point of view.
